

# Randolph, Cuevas, Cowand ousted

**BY ELLIS CUEVAS**  
The Hancock County incumbents were defeated in Democratic run-off elections held Tuesday.

Incumbent School Superintendent Terrell Randolph, Supervisor President Ronald Cuevas and Supervisor Lisa Cowand were all defeated.

District Five Supervisor Michael Ladner holds only a one-vote edge over challenger Barney Necaise, with eight affi-

davit votes to be counted this evening by the Democratic Executive Committee.

Randolph was unseated by Myrna Ladner Bourgeois, Gulfview principal, by a 2,436 to 2,034 vote.

Cuevas was defeated by veteran District 2 Supervisor Alton A. (Dolph) Kellar, whose seat Cuevas claimed four years ago. The vote Tuesday gave Kellar a 913 to 797 edge over Cuevas.

Picayune barber Howard

Lizana defeated former Bay St. Louis City Council member Lisa Cowand 1,083 to 983, to capture the District Three Supervisor slot. Lizana has no opposition in the November general election.

Kellar faces the Republican nominee, Waveland businessman Russell Caldwell, in the general election.

As it was evident that Kellar was the victor, he said, "How sweet it is. I will not disappoint

the people. There are a lot of changes that need to be made."

"I really want to thank my family and friends for letting me and encouraging me," Kellar added.

Lizana stated, "I am thrilled to death and all of my friends

really helped me to be elected. I hope to do a good job for District Three and the entire county."

Bourgeois, among many of her supporters, said, "I am want to thank all of my family and friends for their support. My goal is for quality education in

Hancock County."

She indicated she pledged to work with her peers and business leaders to help with economic development in Hancock County. She added, "Economic development starts with our youth, receiving a quality education."

Randolph said, "I owe a debt of gratitude to the people of Hancock County. They have

## One vote separates Ladner and Necaise

**BY ELLIS CUEVAS**  
Two candidates are anxiously awaiting tonight's 6 p.m. meeting of the Hancock County Democratic Executive, to review affidavit votes in District Five.

Unofficial returns in Tuesday's run-off election shows incumbent Michael Ladner with 771 votes and challenger Barney Necaise receiving 770.

Hancock County Circuit Clerk Pamela Metzler on Wednesday afternoon, said there were eight affidavit votes in District Five.

Affidavit votes are usually by persons whose names may not be recorded on the poll book at a

precinct.

Necaise led the voting in six of the eight precincts in District Five, with Ladner running strongest in the Kiln precinct with a 171 to 124 vote edge.

Necaise's strongest showing was in the Courthouse precinct, where he led the voting 157 to 127.

Unofficial returns in the other precincts were: Central School—Ladner 81, Necaise 95; Edwardsville—Ladner 126, Necaise 127; Fenton—Ladner 102, Necaise 104; North Bay East—Ladner 38, Necaise 45; Hancock N. Central—Ladner

## ON PATROL

From Echo Staff Reports

### HIT-AND-RUN DEATH

Hancock County Sheriff's Department Investigator Nathan Hoda said he and Mississippi Highway Patrolman Glen Grice are investigating the death Sunday evening of Darlene Wilson.

Wilson, 32, of 10213 River Drive, was killed around 7:35 p.m. Sunday when she apparently walked into the path of an oncoming vehicle in the westbound lane of Hwy. 90 in front of the Brass Anchor lounge, Hoda said.

No one has been arrested at this time, and the incident is still under investigation. Hoda said evidence from the incident shows that the car involved is a blue metallic Pontiac LeMans, model year 1982-1986.

### ARMED ROBBERY/SHOOTING

Hancock County Sheriff's Department Investigator Nathan Hoda reported that Garcia's Grocery owner Conrad Howe was injured Sunday night during an armed robbery of the Clermont Harbor store.

Hoda said Howe was closing the store when a man approached the door and asked if he could get some change. Howe let him in and as the man approached the counter, he pulled out a gun and demanded the money in the cash register.

According to Hoda, Howe tried to grab the gun and it went off, shooting Howe in the upper left arm. The bullet, apparently from a small caliber handgun (.22 or .25), exited his arm and was later found by Investigator Delbert Seay.

After the gun fired, the suspect reportedly took a bag containing about \$340 and fled on foot.

The suspect, who was still at

## Sycamore/St. Francis nightclub burns Sunday

**BY TRACI BONNEY**  
A Sunday structure fire at the corner of Sycamore and St. Francis is under investigation, according to Bay St. Louis Fire Chief Andrew Lizana.

Lizana said the MGM Club, a one-story building owned by Mr. and Mrs. John Jackson Jr., burned early Sunday morning. It was closed and unoccupied at the time a call was received at the fire department (around

4:58 a.m.)

When firefighters arrived on the scene, the roof was fully ablaze. Fifteen firefighters and the dispatcher were involved in reporting and fighting the fire.

Lizana said the building was at least 75 years old and had been renovated several times.

State and county fire marshals, Lizana and others are involved in the investigation.

## Home improvement funds

Bay's CDBG application to be reviewed

**BY TRACI BONNEY**  
Bay St. Louis's application for Community Development Block Grant house improvement funds may be approved, according to consultant Tom Gregory.

Gregory told city council members Tuesday that state officials planned to be in the county October 17 to review the

city's and county's applications and see some of the areas of greatest need.

The funds, if awarded, will be given to low- and moderate-income private homeowners to repair and rehabilitate their houses so that they meet state and federal health, safety, utility economy and handicapped accessibility codes.

Gregory said the funds can be handled as low-interest loans, with a portion of the debt forgiven each year. If the homeowner has not sold the house at the end of the 10-year loan period, the entire debt is forgiven.

If the homeowner does sell the house during that 10-year period, he must repay the balance of the money, which can

then be put into a revolving fund account, giving the city more money to put toward future projects of that kind, Gregory added.

Gregory urged the council members to encourage homeowners to apply for the grant funds. "We have received a good

## Bay Cove Harbour anticipates casino start in February '92

**BY TRACI BONNEY**  
With a gaming license application submitted and access road construction expected to start soon, Lambert Land Company anticipates a February 1992 start for a casino at Bay Cove Harbour.

The company announced Friday that it had submitted the license application to the State Gaming Control Board, and that the gambling operation was expected to start next February if the State can complete its investigation and issue a license by then.

The announcement further stated that the company is in the final stages of negotiation for the purchase of a 20,000-square-foot vessel under construction in Mobile.

The vessel will have room for more than 400 slot machines and 19 gaming tables, and will accommodate more than 600 customers. Company vice president Charles Lambert said the vessel should create 200 new jobs.

Joining the company as general manager of the operation is Len Krick, 42, of Hancock County. His 14 years in the gaming and marine business include serving as co-founder and chief operating officer for Europa Cruise Lines; vice president of the Dunes Hotel and other various executive positions in Las Vegas; and part-time instructor at the University of Nevada.

## Food Pantry's school food drive underway

**BY ELLIS CUEVAS**  
The annual Hancock County Food Pantry school food drive will be held through Friday, October 18, said Wilma McMahon, treasurer.

The drive involves students from all schools located in Hancock County, who bring canned and other non-perishable food items to their respective schools. Food will be collected by Coast Electric employees on Friday, Oct. 18.

Jolly Rogers Printing assists the Food Pantry school food drive.

Last year some 5,000 items were collected by the students, and all of it was distributed almost immediately, McMahon said.

Students who bring cans or packages of food items to school will each receive a ticket for a free drink from Waffles in Bay St. Louis.

The Food Pantry, located in the old jail behind the Hancock County Courthouse, is open from 9 a.m. to noon, Monday through Friday and is operated by some 60 volunteers from area churches.

"The demand is great at this time, because of an increase in the number of applicants, which has almost doubled in recent months," McMahon said.

The Food Pantry recently celebrated five years in operation and is now serving more than 200 families a month, Aileen Sauzer, secretary, said.

## City sales taxes ring the register

**BY JACQUI COCHRAN**  
Every time a purchase is made in Mississippi, the state tax commission collects an additional six percent of the total sales.

"Cha-ching" goes the cash register.

Sales taxes collected within

the limits of a municipality are totaled, and 20.5 percent of that amount is returned to that area of collections.

Sales taxes collected within the boundaries of a county are not divided and refunded by the state as is done for the cities. Counties collect no revenues

from sales taxes.

State deputy tax commissioner Lester Herrington reported, last year the state collected \$1 million less than anticipated.

"This year," he said, "the state expects \$2 million more than calculated. Minus the \$1

million from last year, we will be \$1 million ahead for this year."

"Cha-ching" goes the cash register.

Herrington explained, "Traditionally, the month of Decem-

## Bennett seeks Dist. 2 School Board position

Cheryl Bennett has announced her candidacy for School Board District 2, Hancock County, in the Nov. 5 general election.

Bennett, 35, is employed as an information services specialist for Johnson Controls Inc. at Stennis Space Center. She has resided in the Pearlington community for 17 years and is originally from Mobile, Ala.

Bennett is married to Gary Bennett and has two daughters enrolled at Hancock High

School, Jamie and Jackie.

Bennett is an experienced educator, having taught in the Bay-Waveland School System and St. Tammany Parish. She began working with Stennis Space Center in their Teacher Resource Center and is still actively involved with education throughout Mississippi.

Bennett is responsible for the operation of the Visitors Center programs at Stennis Space Center and is experienced in preparation and implementation of

budgets. She is actively involved in the "Adopt-A-School" program at Stennis and coordinates the Johnson Controls Partnership in Education with their three adopted schools.

"I would like the opportunity to serve on the school board representing District 2 children and parents. I feel that my experience, enthusiasm and dedication to education would be an asset to the district," said Bennett.

## Taxes Continued from Page 1A

ber is the highest time of year for sales tax collections. Everyone is spending for Christmas.

"The next highest month has always been September, when sales increase because of children returning to school.

"Today schools are opening earlier in the month of August, causing the increase in collec-

tions to be spread between August and September.

"A third peak time has always been spring, when everyone is buying summer clothing.

"The month of lowest collections is February. To begin with, it is the shortest month and most people are spent out from Christmas."

Herrington said, sales tax collections increase every year.

The state of Mississippi, he added, has seen a four percent increase yearly for the past four years.

"As costs continue to increase, so does sales tax collection."

## An Open Challenge to Debate

I make this challenge to my opponent: let's debate these issues. We need an open discussion to help the voters decide who to send to Jackson.

With so much negative campaigning going on, we can make a difference by talking about the positive things elected officials should do to make Mississippi a better place.

## "QUOTABLE QUOTES"

By Ellis C. Cuevas

Since the opening of the Bay St. Louis bridge across the Bay of St. Louis, residents and visitors have been afforded the opportunity to fish from the structure.

Fishing is very good at times from the bridge, yet, I know now that fishermen using the bridge are having the same problem as others, because of the size restrictions.

A resident visited the office on Monday of this week to tell me about the excessive amount of debris that is now on the bridge.

Dead catfish, stingrays, oyster shells, other fish litter and other trash are left on the bridge, mostly by fishermen.

It seems those who use the bridge to fish from would take the time and courtesy to throw the unwanted fish and oyster shells overboard and take other litter home and dispose of it properly.

There are not too many places where fishermen fish from a two-mile bridge on both sides free of charge.

If a few citations for littering were issued by State Troopers or Game and Fish officials, maybe it would get the attention of a few folks.

We all need to take care of our environment in all areas.

It will be homecoming Friday night for the St. Stanislaus Rock-A-Chaws as they play host to the Long Beach Bearcats.

Stanislaus was knocked from the ranks of the unbeaten last Friday when they fell to Picayune's Maroon Tide by a 28-19 score.

Stanislaus needs to re-group this week and get back on the right track, and head coach Ken Lyons is looking for some good fan support because of homecoming.

SSC is now 5-1 for the season and 2-1 in Division 8 in Class 4A.

Hancock High School's Hawks will be put to the test this week when they play host to the d'Iberville Warriors.

This game will test just how good coach Irvin Favre's Hawks really are this season, and it will also be a conference tilt.

Hancock started off slowly this season, but seems to be in the right groove for the past several games.

Hancock was in a high scoring duel last week with St. Martin, coming out on top with a 35-22 victory.

Since the game is in Hawk Stadium, Hancock could possibly mark up another notch in the victory column.

The Tigers of Bay High are fresh off a 20-0 victory over Purvis High and will be traveling to visit Vancleave's Bulldogs.

The young Tigers have had some good games this season and could, with some super play, bring another victory home.

Head coach Rocky Gaudin should have the Tigers ready for the journey to Vancleave.

The Rocks, Hawks and Tigers need your support this week. I hope you will be in the stadium.

Best of luck to all three teams.

A big benefit for the Lakeshore Cemetery will be held on Saturday at the Veterans of Foreign Wars Post 4808, Lakeshore, starting at 10 a.m.

The benefit will include live music, good food, games and entertainment.

It sounds like there will be a good time, and proceeds will go towards a very good cause.

Folks do not want to forget the Oktoberfest in the Park scheduled for Saturday.

The Oktoberfest is sponsored by the Bay St. Louis Business Association and is scheduled from 6 to 9:30 p.m.

Music is provided by the Port City Jazz Band, and many German favorites such as Knockwurst, Bratwurst, Sauerkraut, Rotkohl Salat, soft pretzels, soft drinks and beer will be available.

It sounds like it will be a good time at the Park next to Bay St. Louis City Hall Saturday night.

The Bay Youth Football League will sponsor a Jam-boree on Saturday from 9 a.m. to 8:15 p.m.

The games are to be played at Bay High's J. D. McCulloch Stadium with admission at \$1 adults and 50¢ for children.

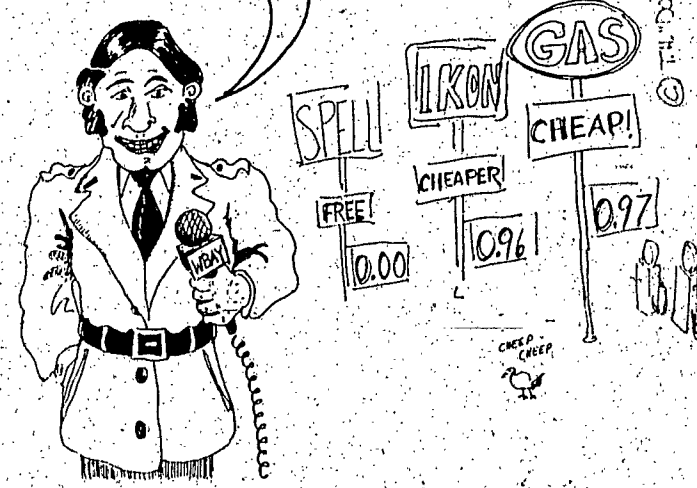

The Bay Youth League, which includes 111 boys from the Bay-Waveland area, will be involved in the Jam-boree with teams from Lakeshore, Purvis, Ocean Springs, Hancock North Central and Pearl River Central.

Our young football players need some good hometown support.

### You can bank on it

Last week I met with 44 members of the Mississippi Bankers Association, who were in-town for their 1991 annual visit to Washington to meet with the Mississippi congressional delegation. We discussed issues important to the banking industry, how the state's banks are performing and pending legislation which could have direct impacts on the way in which Mississippi banks conduct business.

Earlier in the year I met with L. William Seidman, chairman of the Federal Deposit Insurance Corporation (FDIC), and he expressed great praise for the condition of Mississippi banks.

Seidman said, "I'm really proud of the bankers in Mississippi," and "Every time I meet with them, I come away with good feelings about how they conduct their business."

And Seidman's positive view of Mississippi banks is shared by others. Banking Analysts Henry Coffey Jr. with J. C. Bradford and Company in Nashville said that while banks in New England and the Northeast were considered vulnerable, banks in Mississippi, as well as Alabama, Kentucky and Tennessee, were in relatively good shape.

Coffey went further by saying in January that there was not a worry about the Southeast region's banks having to cut dividends to ride the recession. "They're in solid enough shape to weather the year (1991) without doing that," he said.

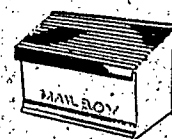

It is great to hear the praises of how well banks are running in Mississippi. However, much still needs to be done to ensure their future stability, and to make sure that our banks do not have to pick up the burden of bailing out larger banks in other regions of the nation which are not pulling their weight.

Currently, a piece of banking legislation has been approved by committee and is awaiting Senate debate. There are many issues to consider while looking at this bill.

Once of the problems now with a sluggish economy is the lack of available credit from lending institutions. There are a number of reasons for this, but government regulations and regulators are a major cause of the problem. We don't want this bank legislation to make credit less available to individuals and businesses in Mississippi.

## LETTERS TO THE EDITOR

### Abortion protest coverage was biased

Dear Editor,

It is good when a newspaper takes an editorial stand, and it is good for newspapers to report community events. It is not good, however, to combine the two, as was done in "Life Chain Protest Set For Oct. 6," in the Thursday, Oct. 3 issue of the Echo.

By calling the event "part of a quiet protest against an industry that murders more than a million babies a year," the

newspaper expresses a point of view that doesn't belong in objective reporting.

Let the "Life Chain" group buy an ad or write a letter if they want their opinion in the paper. I wonder how an event hosted by those of us who are working hard to keep abortion safe and legal would be covered.

Sincerely,  
Florence Fetterer  
Bay St. Louis

### Firefighters deserve to earn adequate salaries

Dear Editor,

As a citizen of Waveland I wholeheartedly agree with the wives of Waveland firefighters.

Anyone who has a dangerous job like firemen and policemen deserve a salary that enables them to take care of their loved ones.

In the 24 years I have lived in Waveland, I have found the firemen and policemen to be most courteous and willing to help in

any way. I will be leaving Waveland soon to a new home in the county, but I will always remember that some of the happiest years of my life were spent in beautiful Waveland.

Sincerely,  
Nina S. Garcia  
P.S. Last, but not least, school teachers deserve a decent salary also.

### Only a human has a soul

Dear Editor,

Mr. Henry A. Fly wrote an interesting letter concerning the subject of abortion, and I must agree with him that a seed is not a sapling, a tulip bulb is not a tulip, salmon roe is not a

fish, and a hen's egg is not a chicken, but saplings, tulips, fish and chickens do not have a soul.

Sincerely,  
Rita Blaize-Watson  
Bay St. Louis

### Weidman disputes remarks about raises for firemen

Dear Editor,

It was with sadness that I read a letter to the editor which appeared in your October 6 edition, signed by some of the Waveland firemen's wives. Sadness because the statement was made that I said "only policemen should be given raises" which is totally untrue and does not reflect my position in any way.

When I addressed the mayor and board of aldermen at the time the new budget was adopted, I did so from a prepared statement, which said in full the true reasons I was forced into a negative position. That statement was as follows: "As this governing body and the citizens of Waveland realize, the City budget is set as a guide to the administration for the maintenance of the services we have at the present; improvement of these services and expansion of same to enhance the life-style and economic future of our citizens; while also enticing others to visit and become an integral part of our community."

For any alderman to make an insightful and responsible decision on the setting of this budget, the document should be presented with full data available for reference. This administration has not voluntarily provided the aldermen with any basic data explaining the need for increases or the cause of decreases on any line items. No goals have been made public, no explanation of why costs are increasing... the effect and cause of same... therefore there is little basis on which an effective decision can be made.

In an attempt to understand the formulation of this budget, I requested of the mayor, verbally and in writing, sufficient data to review in order to have a positive position to work from. This information was denied.

Not only was basic budget information denied, but information provided by parties requesting funds, such as the Hancock County Human Resource Agency, which presented justification for their request by documentation addressed to each alderman July 19, 1991, was never forwarded for our attention. Once again, denying the aldermen adequate reference on which to base any decision.

The administration has not addressed or formulated an overall drainage/flooding protection plan for all of the property owners of the City of Waveland.

While I appreciate an attempt to alleviate some drainage problems, this budget is based on piecemeal work with-

out attention to other present and future problems. Until our governing body is willing to accept the responsibility of providing an overall drainage/flood plan, encompassing cooperation with both Bay St. Louis and the county, the budget as presently is totally inadequate.

While I fully agree with an increase in salaries for our city patrolmen, I also feel all city workers should be given consideration based on cost of living and/or their qualifications and job performance.

Despite repeated requests for assurance from the mayor that salary increases will be based on an across the board cost of living for all city employees, I find line items supporting raises, but without information as to whether this is for present employees or additional employees. If additional employees are needed, explanation for same should be provided, not refused.

Why do city utility customers bear an extra burden of financing our city? You will note, that almost 50 percent of our revenues in this budget on which the city operates is derived from and transferred out of the city utility department.

Had our administration considered a more equitable way to finance our city government, and if so, why haven't we been presented with same or why have we not been requested to address the question?

Based on the above, I regret that I am forced to register my displeasure with this budget and its ramifications with a NO vote!

I ran for this office based on working to achieve the highest quality of government being made available to our citizens. Honesty, integrity, efficiency, openness, responsiveness and responsibility are major components of good government. I intend to continue to work towards that goal.

Sincerely,  
Stan Weidman

## Wetlands forum set for Monday

The Mississippi Gulf Coast Chamber of Commerce will sponsor a public forum on the wetlands issue and how it will affect the citizens of the Mississippi Gulf Coast Monday, Oct. 14 at 6:30 p.m.

Speakers representing the Mississippi Gulf Coast Wetlands Coalition, the U.S. Corps of Engineers, the Sierra Club

and the Environmental Protection Agency will address the wetlands issue. Each speaker will have 15 minutes, after which questions from the floor will be taken.

The forum will be at the West Side Community Center, 4010 West Beach Blvd., in Gulfport. For further information contact the Gulf Coast Chamber of Commerce at 863-2933.

LET'S ELECT PAT LE FAVE DISTRICT 1 SUPERVISOR

## EDUCATION

- University of Southwestern Louisiana Major: Nursing
- Gulf Coast Community College Major: Business Administration

## POSITIONS OF PAT LE FAVE

1. **LAW ENFORCEMENT.** I will work to increase the number of deputies on duty at night. I will work for the implementation of continuing education to help maintain high standards for our law enforcement officers. Our law enforcement officers deserve a livable wage and I will work to find the money to increase their salaries.

2. **MEDICAL SERVICE.** Upgrade and improve ambulance service and response times. Expand patient services at Hancock Medical Center to better meet the needs of the sick of Hancock County.

3. **EDUCATION.** Establish a resource pool of talent from our adult community. This pool to help our schools, on a volunteer basis, in special areas of need.

4. **INDUSTRY, RECREATION AND TOURISM.** Establish a positive plan to upgrade existing roads and tourist areas to encourage tourism dollars. This will create additional jobs which will be filled by residents of Hancock County whenever possible.

I will hold "open meeting" in my district at least every six months to "Check the Pulse" of the people. This will encourage open lines of communication in the district which will allow me to know your needs. These open meetings will give me the opportunity to inform you "face to face" of important current issues.

number of applications, but we need as many as we can get by October 17 to show the state officials," he stated.

"That is not a deadline; we can continue to take applications after the 17th. But it would be good to have a stack of them to give the officials when they visit."

Mayor Edward Favre said those interested in applying should contact their council member or City Hall.

## DOCKSIDE GAMING

City zoning project manager Jules Lagarde reported that gaming feasibility/zoning study consultants Paul Buckhurst and Hawkins Stern plan to hold their second public hearing/workshop October 20 and 21 at the Hancock County Civic Center.

Lagarde said activities on Sunday, Oct. 20, will start at 6 p.m., when Buckhurst and Stern will make presentations,

then open the floor for public comments; about three minutes each and limited to 40 people to take up a two-hour period.

Activities on Monday, Oct. 21, will include workshop sessions with law enforcement officials, state agencies and others; and a workshop that evening (starting at 7 p.m.) which will operate like the August 1 workshop.

In that workshop, several groups of business and civic leaders discussed and reported their findings on several questions posed by Buckhurst and Stern. The October 21 meeting will follow the same format, but will encompass discussion and reports about the three strategies the consultants are

expected to present October 20.

## OTHER BUSINESS

The council approved a special exception for property belonging to Linda Flannagan at the corner of DeMontluzin and Beach Blvd. for a proposed bed-and-breakfast establishment.

The council also approved the claims docket; several additional claims for fiscal years 1991 and 1992; advertisements for local events, and several other matters; and heard reports from the mayor, municipal clerk, clerk of council and both city attorneys.

The council set a workshop meeting for October 29, 6 p.m., to be preceded by public hearings about property cleanups, then adjourned.

## Merchants Bank sign falls on workman

BY JACQUI COCHRAN

A Long Beach man was injured Tuesday when a Merchants Bank sign fell on him at the Highway 90 branch office, Bay Police Investigator David Parker reported.

According to Parker, Arthur L. Griffing, 51, was working on the ground as a replacement Merchants Bank sign was being put into place. "A gust of wind moved the sign and a cable broke, causing the sign to fall onto Griffing. He had to be pulled free by Bay St. Louis police and firemen who answered the 12:04 p.m. emergency call for help."

Griffing, an employee of American Sign and Light Company, was rushed to Memorial Hospital in Gulfport by Mobile Medic, Parker stated.

A Memorial Hospital spokes-

person reported Griffing was treated and released.

## ON PATROL

From Echo Staff Reports

## BURGLARY OF A BUSINESS

Bay St. Louis Police Investigator David Parker reported that a Bay St. Louis man who was arrested last week and charged with two counts of burglary of a business has now been charged with three more counts.

Parker said Adrian Saucier, 25, of 430 Labat Street, was arrested October 3 and charged with two counts of burglary of a business after being apprehended while leaving Dr. Bert Chevish Family Practice clinic on Ulman Avenue around 3:28 a.m. that day.

According to the police report, an alarm was triggered at Ellen Kane Gifts, also on Ulman, around 2:25 a.m. Thursday. When officers arrived, no one was present, but a broken east side window in the rear of the building, and other physical evidence, indicated that a break-in had occurred.

Just over an hour later, the security company that works for the Family Practice clinic called the police dispatcher and reported detection of a movement inside the clinic. The dispatcher relayed the information to officers, who arrived and apprehended Saucier as he was trying to exit the clinic.

Tuesday, he was charged with three more counts of burglary of a business after he confessed to breaking into Magic Mirror September 17, Munro Petroleum September 24 and Hairworks between 7 p.m. October 2 and 8:52 a.m. October 3.

Parker said about half the items taken from Hairworks and one-third from Munro Petroleum have been recovered.

Saucier was incarcerated in the Hancock County jail at the time of the report.

Officers involved in the arrest and investigation are Denise DeGeorge, Shane Corr, Reserve Officer Ramona Martinez, and Detective Tom Burleson, who is in charge of the investigation.

## WELFARE FRAUD

Bay St. Louis Police Investigator David Parker reported that two people are being held in the Hancock County jail for California authorities on charges of welfare fraud and perjury.

Parker said Officer Kurt Raymond approached a suspicious vehicle, bearing a California license plate, parked on the west side of the Delta station around 5:30 p.m. Monday and asked for identification from the four men and one woman inside. A routine check revealed that two of the car's occupants were wanted in California.

Arrested were Vera Ruth Dorman, 36, of Garden City, Idaho, and Robert Kevin Seitz, 31, of Sigourney, Iowa, both of whom are charged with welfare fraud and perjury in California.

Arresting officers were Raymond, Joe Kepfer, Denise DeGeorge and Sgt. Richard Hannah.

## GIS demonstration held at Stennis

Eighteen individuals from local government, industry, economic development, groups and chambers of commerce attended a recent seminar at NASA's John C. Stennis Space Center aimed at demonstrating how NASA-developed technology can assist with area industry development.

This technology seminar, "Geographic Information Systems (GIS) for Economic Development Professionals," was presented by SSC and Pearl River Community College (PRCC) and hosted by the Mississippi Technology Transfer Office at Stennis.

The workshop marked the first phase of a new cooperative program between SSC and PRCC.

GIS is a computerized method of collecting, organizing, analyzing and displaying geographic data.

This program will establish a GIS capability at Pearl River for

use by industry within the college's six-county area and to enhance education by developing a basic curriculum in the use of GIS technology. Those attending the workshop are potential users of the GIS technology program at PRCC.

During the seminar, personnel from SSC's Science and Technology Laboratory explained how a GIS is produced and demonstrated how it can be used to benefit economic development and the management and operations of industrial parks in south Mississippi. The attendees represented various economic development concerns in Hancock, Pearl River, Forrest, Lamar, Marion and Wayne counties.

To produce a GIS of a particular area, a standard map of the area is digitized—put into computer format. Next, additional attribute information is obtained from satellite sensors, aerial photography, field

surveys and other existing maps.

This information can include data on roads, railroads, population, land ownership, topography, soils and drainage basins.

The attribute information is then georeferenced with the map data, and a GIS is produced. The power of the GIS is its ability to take a great amount of information, condense it into an easily-accessible computer program and use it to help narrow options and make informed decisions.

The seminar demonstrated the small scale and potential large scale uses of GIS technology.

Using GIS data bases already established for the Port Bienville Industrial Park in Hancock County and one based on general information for Pearl River and Hancock counties, the attendees were shown

the many ways these data bases could be used to benefit industry.

For companies interested in moving to a local industrial park, a GIS can provide quick turnaround time on information such as soils, elevation, transportation and corridor requirements.

A GIS can provide up-to-date demographic information to prospective industries. It can also be a resource for more effective and efficient management of industrial site resources.

The SSC/PRCC two-year program will focus on the creation of GIS data bases for about 10 industrial parks within the six-county area. Dr. Olon Ray, executive director of the State Board for Community and Junior Colleges, endorsed the joint venture while at the seminar recently and said he would like to eventually see it expanded to include all colleges in the state.

## Steele receives NOAA Administrator's Award

Kenneth E. Steele of the National Data Buoy Center at Stennis Space Center was awarded the National Oceanic and Atmospheric Administration's Administrator's Award at the Army/Navy Country Club in Arlington, Va.

The award was presented to Steele by Dr. John A. Knauss, NOAA administrator, for his contributions to the measurement of ocean wave direction.

Knauss said Steele's insight and creativity resulted in the qualification of a three-meter buoy as a high quality directional wave measurement system.

His theory showed the feasibility of using only a simple magnetometer and accelerometer system to measure pitch, roll, and heave. This new system allows directional wave

data to be collected from all NDBC discus buoys located around the United States coastlines, including the Great Lakes.

Data collected by this system is being used by the National Weather Service, Naval Civil Engineering Laboratory, the Office of Naval Research, and the U.S. Army Corps of Engineers.

The United States and NOAA's ocean wave measurement capability is regarded as the best in the world, due to a great extent to the unique and exceptional contribution by Mr. Steele, said Knauss.

Steele received his bachelor's and master's degrees in engineering physics at Auburn University in Auburn, Ala.

He has authored eight tech-

Kenneth Steele

nical papers on wave measurements that have been published in engineering and scientific journals and is a member of the Marine Technology Society. He resides in Pass Christian.

## Procurement Center reports contract totals

The Mississippi Contract Procurement Center (MCPC), the statewide procurement technical assistance program in Gulfport, recently completed its third quarter with Mississippi businesses reporting over \$27

million dollars in contract and subcontract awards with federal, state and local government agencies.

This makes the total so far this program year over \$90 mil-

lion dollars in contract awards.

MCPC provides, free of charge to Mississippi businesses, information on contract opportunities using computerized bidmatching, counseling on bid package preparation, information on marketing products and services to government agencies, and technical support such as military specifications and product pricing histories.

MCPC has five regional procurement technical assistant centers to provide on-site assistance throughout the state. The centers are located in Gulfport, Greenville, Columbus, Meridian and Jackson.

## Crosby Arboretum hosts two events in October

Dining and digging are on this month's calendar of events for the Crosby Arboretum in Picayune.

The arboretum will host the third of a three-part dinner and lecture Twilight Talks series Friday, Oct. 11, 7 p.m. The topic, "Another View of Hawaii," will be presented by Dr. Steven P. Darwin, professor of botany at Tulane University.

The event, which will be at Pinecote Pavilion, costs \$10 each and is limited to the first 30 registrants. Pre-registration is required.

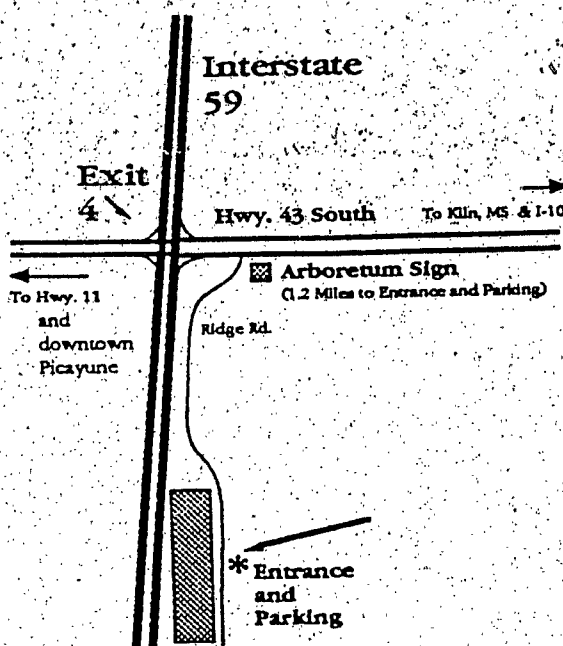

For more information, call 261-3137.

Pinecote Pavilion will also be the site for the arboretum's fall plant sale Saturday, Oct. 19, noon to 5 p.m.

Trees, shrubs and flowering perennials will be sold. A plant swap table also will be run. Wolf River Farms in Poplarville will

be joining the arboretum for the sale, along with Lydia Schultz

of Lydia's Audubon Shoppe in Waveland.

## Treutel, Ashman elected independent agent officers

The Independent Insurance Agents of the Gulf Coast (IIAGC) recently elected new officers for the coming year.

President is David Treutel Jr. of Treutel Insurance Agency, Bay St. Louis; vice-president is Diane Price of Fox-Everett-Portwood Insurance in Gulfport; secretary-treasurer is Betty Ashman of Hancock Insurance Agency in Bay St. Louis.

Directors are Rob Jacobson

(past president) of Hardy Jacobson in Pascagoula; Brent Smith of the Gary Smith Agency in Pascagoula and Mark Baranovich of the Bankston-Collins Agency in Gulfport.

As the names reflect, the IIAGC is made up of independent agents who represent a host of insurance companies.

The association is active in the Independent Insurance Agents of Mississippi in keep-

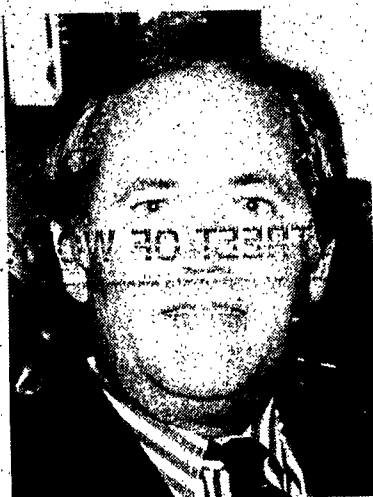

ing and attracting quality companies to our area.

## Ted Willis named HMC chief of staff

Dr. Ted Willis was elected Hancock Medical Center chief of staff at a medical staff meeting Sept. 9.

Dr. Willis, specialist in ear, nose and throat, has been on the active staff since July 1989. His practice is located at 2020 Drinkwater Blvd. in Bay St. Louis.

Other officers on the medical executive committee include Andrew Martinovich, MD, vice-chief of staff; Sidney Chevis, MD, secretary; Thaddeus Carter, MD, member-at-large; and J. D. Rutherford, MD, past chief of staff.

allowed me to serve as superintendent for 13 years and three months.

"Although my terms in office have been controversial, the school district has made great strides. The taxpayers of this county have been and will be reaping a lifetime of financial and educational benefits for their children and others.

"I have no apologies, nor would I have done it any other way. We may be well into the

21st century before all will be fully accepted or understood.

"I want to thank everyone who played just a small part in raising this school district from the lowest in academic standing to one of the highest," he concluded.

Coward said, "I'm sure Howard (Lizana) will do a good job. I wish him well.

"I want to thank everyone for getting out and voting, and for allowing me to serve for four

years. I've enjoyed it."

Cuevas stated, "I'd like to thank everyone for the support given me. The past four years have been rewarding and gratifying for me personally, because of the achievements I've been able to accomplish for the county.

"I thank those who turned out and voted, but I'm disappointed with the low turnout for my box, which I consider to be Waveland. I think that hurt me

some."

Michael Ladner received 771 votes to Barney Necaise's 770 in the District Five Supervisor's runoff.

Democratic nominee District One Supervisor Robert (Pete) Peterson and District Four Supervisor Wilmer Seymour both were victorious in the first primary.

Peterson faces Republican

nominee Pat LeFave, while Seymour is challenged by Republican Billie Faye Lyons.

Unofficial returns in Hancock County on other Democratic runoffs were as follows: State Auditor, Steven Patterson, 4,079; Ryan Hood, 2,359; Public Service Commissioner, Sidney Barnett, 3,521; Steven Hale, 3,176; State Representative District 106, Herb Frierson, 721; Duane Wheat, 504;

and State Senator District No. 47, Ezell Lee, 397; Richard Coward, 226.

In the Republican runoff for governor in Hancock County, Kirk Fordice received 305 votes to Pete Johnson's 210.

The general election is scheduled for Tuesday, November 5, 1991.

Echo staff reporters Traci Bonney and Jacqui Cochran contributed to this story.

77, Necaise 90; and Diamondhead West—Ladner 51, Necaise 28.

The Democratic Executive Committee is scheduled to meet to certify Tuesday's votes.

The winner in the District Five Democratic primary runoff will face Republican nominee Johnny Gryner in the November General Election.

Bank Paperwork Reduction Act which would relieve the paperwork burden currently imposed on small banks. This act would allow small- and medium-sized banks, which have earned outstanding or satisfactory rating under the Credit Reinvestment Act, to proceed with expansion plans unhindered by dilatory challenges based on CRA per-

formance. This also will help consumers.

I am hopeful that this act and other beneficial items will be included in the final passage of any banking reform package that passes in the Senate, and will be working hard to make sure our banks are given a fair and level playing field to serve the people of Mississippi.

He has degrees in economics, hotel administration, marketing and finance.

He said he thinks the Bay Cove Harbour dockside casino will be the first to open in Mississippi because of the "tremendous amount of prior preparation completed on this

site." The 330-acre site includes a 17-acre marina. Plans call for a golf course, country club, hotel, family recreational facilities and recreational vehicle hook-ups.

Lambert said of the access road to Bay Cove Harbour, "We

have final approval; the design is ready, and construction should begin shortly. We expect it to take one month to six weeks to put in the road."

Meanwhile, plans are being finalized to extend utilities from the shore to the gaming vessel when it is docked.

Rosary Rally featured  
Sunday at Coast Coliseum

The 14th annual Rosary Rally, under the auspices of the Most Reverend Bishop Joseph Howze, Catholic Diocese of Biloxi, will be Sunday, Oct. 13 at 2 p.m. in the Mississippi Coast Coliseum Convention Center.

A procession, with a representative from each parish in the diocese is followed by the recitation of the rosary and the celebration of the Holy Mass.

"You can imagine the delight of the Fatima Apostolate Committee upon seeing the front

page of the *Wall Street Journal* (Friday, Sept. 27) with a picture of our Blessed Mother Mary, and an article entitled, "Fatima Fever: Did Mary prophesy Soviet Goings-On?" said Committee spokesman Peg Vaughn.

"In the village of Fatima, Portugal, from May 13, 1917, through Oct. 13, 1917 (year of the Russian Revolution), Mary appeared to three children.

"She told the children to pray the Rosary every day for peace in the world, because Russia would spread its "errors"

throughout the world. Mary said that with graces from God for our prayers and penance, "Her Immaculate Heart would triumph."

"We have seen the fall of the Berlin Wall, the abolishment of Communism in Russia, with the city of Leningrad renamed St. Petersburg. The prophecy has come true," said Vaughn.

Prayers of Thanksgiving will be offered at this year's Rosary Rally Sunday, exactly 74 years since the Fatima Apparitions.

In recognition of Keesler Air Force Base's 50th anniversary, the recitation of the Rosary will be led by service persons from KAFB.

Admission is free, and the public is invited.

## ST. ANN AND ST. JOHN NEWS

A thought for meditation: A world without a Sabbath would be like a man without a smile, like a summer without flowers, and like a homestead without a garden. It is the most joyous day of the whole week.

—Henry W. Beecher  
"I can have Christ and become one with Him, no longer counting on being good enough or by obeying God's laws, but by trusting Christ to save me."

Phil. 3:8-9  
Lord help me to trust You. It is hard to believe I don't have to perform in a set way to be acceptable to You. Help my unbelief. Amen.

St. Ann-St. John choir mem-

bers meet each Thursday at 6:30 p.m. in St. Ann Church for choir practice. All interested in supporting this group are welcome.

CYO members meet at 7 p.m. Thursday in the parish hall.

Please remember to pray for the sick and shut-ins whether they are at home or in the hospital.

It is not too late for the "Liturgy Signup." Anyone interested who hasn't had an opportunity to do so yet may still sign up through this weekend.

Tonight is St. Ann-St. John's Bingo Night at the "First Bingo," Hwy. 90, Waveland. Your support will be appreciated.

## ARTIN' ABOUT

**EDITOR'S NOTE:** Artin' About is a regular Sea Coast Echo feature that provides information about fine and performing arts events in the area and throughout the state. Submissions are welcome, and should be sent to Artin' About, Sea Coast Echo, P.O. Box 2009, Bay St. Louis, MS 39520. Notices will be published on a space-available basis, with those events whose dates are closest to the publication date being given first consideration.

**On stage:** Bay St. Louis Little Theatre will hold auditions for "Best Little Whorehouse in Texas" Sunday, October 13 and Thursday, October 17 at 7 p.m. both nights at the theatre building on Boardman Avenue.

Needed are 14 women and 15 men of all ages. No roles have been pre-cast, all roles are available.

Ed Scanlan is director and Carol Young, production manager.

Rehearsals will begin the first week of April, 1992. Show dates will be May 22, 23, 29 and 30, 1992.

An accompanist will be provided for those bringing their own sheet music. A tape deck will be available for those with taped music.

For additional information, call Scanlan at 467-7107 or Young at 467-2121.

Tickets are now on sale for the Kinetic Neo Skene Theatre's musical thriller, *Sweeney Todd, the Demon Barber of Fleet Street*.

Starring Keith Ballard and Terese Garguilo, *Sweeney Todd* boasts one of the Coast's strongest casts in recent memory and a 25-piece orchestra which includes a full string section.

The macabre tale, which includes Steven Sondheim's ("Send in the Clowns") grandest and most difficult score, revolves around Sweeney Todd (Keith Ballard) — a mythical British Jack the Ripper of sorts — and his meat-piemaker accomplice in deeds most foul, Mrs. Lovett (Terese Garguilo).

Directed by Les Muncaster, *Sweeney Todd* promises to be a night of sheer theatrical magic.

For tickets and reservations or information, call the Theatre at 435-0450.

*Sweeney Todd* will be presented at the Biloxi Saenger

## Bay Little Theatre hold auditions for "Best Little Whorehouse in Texas"

**On display:** Waveland Resort Inn announces the exhibit by Henrietta Lumetta Lazar will be replaced with a collection of works by new artists in their first showing.

Included will be works by Charles Ladner, Frank Darby, Debbie Mason, Donna Mellott and Gail Torison. Selections will be available for sale, in prints and original works.

The monthly art exhibits at Waveland Resort Inn are sponsored by The Frame Shoppe and Art Gallery in Waveland.

Hillyer House in Pass Christian is hosting an art exhibit during the month of October. Forty-eight artists will be represented.

Included are "Color in Water" paintings by Cindy Strecker; "Brushstrokes" pottery by James Hale; and jewelry creations by Wayne Quintana.

For more details, call 452-4810.

Jackson resident Adrienne Moncrief will give a lecture on auras at Serenity Gallery and Bookstore October 19. She will

be accompanied by Jackson artist Anne Enochs, who says she can visualize people's auras and includes them in portraits of her subjects.

Enochs will display some of her portraits during the lecture period.

Auras are described as colored light that some people claim to be able to see around others. Scientists investigating the phenomenon theorize that an aura is the manifestation of a person's bio-electric-magnetic field, a force field created by the body's energy and which extends about 36 inches from the body.

For more information, call 467-3061.

### Elsewhere:

The 10th annual Grand Festival of Art will be held by the Eastern Shore Art Association at Marriott's Grand Hotel, Point Clear, Ala., Saturday and Sunday, Oct. 19 and 20, 10 a.m.-5 p.m.

This year's show will feature 80 award-winning artists from across the Southeast. There will be entertainment and food both days. Admission to the show is free.

For more information, call 1-205-928-2228.

## Diamondhead Arts and Crafts Show a 'spectacular success' — Wallace

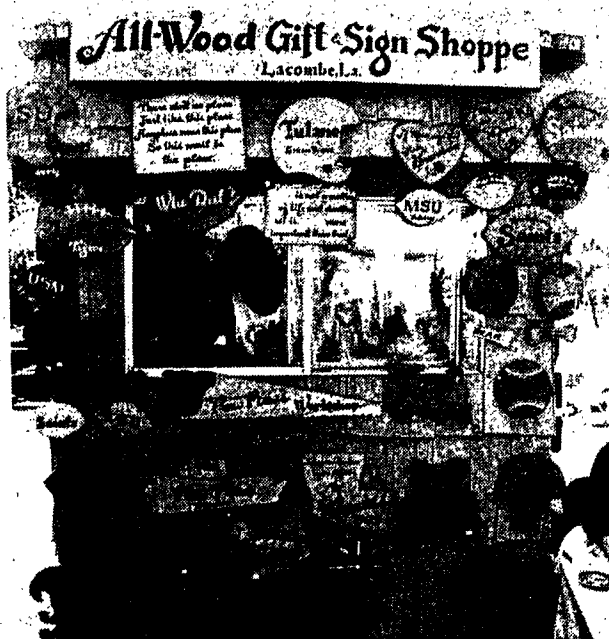

The recently held ninth annual Diamondhead Arts and Crafts Show was a spectacular success, according to co-chairman Linda Wallace.

"This is the best year we've had so far," she said. She served with co-chairman Brierly Acker.

The event, held on the grounds of the Diamondhead Country Club, is a fundraiser for Diamondhead Academy and the Diamondhead Property Owners Association. Booth rental fees go to the school and proceeds from food sales to the association.

Diamondhead Country Club manager Brenda Graybeal said, "Saturday was a tremendous day — the best we've had."

Vendors from throughout the South covered the country club lawns, offering everything from hand-painted t-shirts to metal sculpture. A sumptuous buffet was offered in the country club and the

rock band Strait Face entertained outside. The weather cooperated with two days of balmy temperatures and clear skies.

Information about next year's show may be obtained through the Diamondhead Property Owners Association by calling 255-1900.

### COOKING UP A STORM

By Katy McGuire  
Caire

What St. Patrick's Day is to the Irish, so Oktoberfest is to those of German descent, except that in the latter case the celebration goes on for days and days, at least in Munich, where it originated way back in 1810! It was then that the residents of Bavaria gave a wedding party for their prince regent; and they all had such a good time that the party has been held every year since, wars and revolutions permitting!

The occasion was the marriage of Ludwig (later known as Mad King Ludwig) and Austrian Princess Theresa; and the nuptial celebration was so enthusiastic that it became what many now refer to as the "longest wedding feast in the world."

That first festival lasted for two weeks, and Ludwig enjoyed it so much that he ordered it repeated each year at the same time (the end of September into October). Unfortunately for Theresa, the celebration didn't

continue in her honor, as she was only the first of Ludwig's wives and lady friends!

The Oktoberfest was originally a beer drinking party; but through the years delicious food was added to the fest, until now the Oktoberfest is as famous for its wonderful sausages and German potato salad and other treats as for its beer!

Oktoberfest is celebrated on our Gulf Coast each year also; but you don't, of course, have to be of German descent to enjoy the fun. Bay St. Louis merchants, for example, will sponsor the Oktoberfest this Saturday (October 12) from 6 to 9:30 p.m. in City Hall Park, complete with band and dancing.

The menu will include knockwurst and bratwurst, sauerkraut and German potato salad, as well as soft pretzels to accompany that good German beer (soft drinks, also, on hand), and a good time, all under the auspices of the Bay Business Association. So, come, lift a glass and

celebrate in best Teutonic fashion!

And, if you'd like to make up some German potato salad yourself, here's my version (given to me years ago by a friend from that land) of Speck Salat, to use the proper German term—or the fuller name for this potato salad with bacon:

**WARMER KARTOFFELSAT MIT SPECK**  
2 lbs. potatoes  
1 medium onion, diced  
1/2 cup tarragon vinegar  
1/3 cup bacon drippings  
6 slices bacon, diced  
1 tsp. sugar  
1 tsp. salt  
Generous dash of pepper  
1 egg yolk beaten  
Scrub and rinse potatoes, and boil in their jackets. Cool, peel and slice 1/4-inch thick. Fry bacon crisp, add onion and cook just until transparent, stirring, lest it stick to pan. Add the vinegar, bacon drippings and seasonings, including sugar, and bring to a boil.

Remove from fire, add egg, and stir. Pour over the potatoes and mix gently.

The teaspoon of sugar heightens the flavor of the tart seasonings, believe it or not. The more you cook, the more you'll find that sugar is not just a sweetener, but a definite seasoning with points up flavors.

It like to use red potatoes (especially new potatoes) in this or any other potato salad, because of their firm texture, saving the fine, mealy Idahos for baking.

## Former PRC players honored

BY JANET MCQUEEN

Now a principal, a contractor and a health club owner, three Bay St. Louis men share the distinction of being members of the 1961 national junior college championship team, the Pearl River Wildcats.

Woody Alliston, Ronnie Artigues and J. E. Loiacano will be honored this weekend in Poplarville during PRC's homecoming festivities.

The three give credit for the team's outstanding record (446 points scored, while allowing only 47) to their coach, the late Dobie Holden.

"He got the most out of each player's ability," said Loiacano, owner of Loiacano's Health Club. "Although you can't deny he had good athletes, he demanded perfection. We never messed up a play in practice; it had to be done right. He said many times we would run it 1,000 times if we had to, but it was never necessary."

"He was like a psychologist," said Artigues, owner of

Artigues Construction. "With some players, he never raised his voice. He knew just what to expect from each one of us."

Added Bay Middle School principal Alliston, "He had a photographic memory. He would sit on the sidelines and

know just when each player dropped to 90% effort."

## PRC boasted 'Team of the Century' in 1961

Special to the Echo

The year was 1961. John F. Kennedy was president, Marilyn Monroe was a star, man was in outer space, and the Pearl River College Wildcats were boldly going where no other football team had gone before.

With Mack Cochran passing, J. E. Loiacano running and the likes of Fred Runte catching, the PRC Wildcats blasted into orbit.

After 30 years, the national championship team of '61, will return home to Poplarville Saturday to participate in Pearl Riv-

er Community College's 1991 Homecoming.

The accomplishments of that magnificent bunch are as vivid as if they were in a time warp.

Back then, the legendary Dobie Holden was at the controls. He had been fine-tuning his Wildcat machine for years. The 1959 Wildcats posted a 9-0-1 record, with only a last regular season tie with Mississippi Delta marring the ledger.

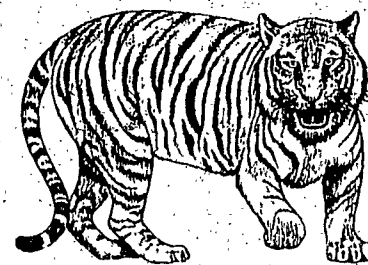

The Wildcats scored 264 points and allowed only 57 while racking a state championship. The next year, 1960, PRC lost

## Tigers eye playoff spot

BY RANDY PONDER

The Bay High Tigers will be looking to even their season record at three and three Friday night when they travel to Vancleave.

A win against the Bulldogs, the only team the Tigers beat

last year, would also improve Bay High's District 8 Class 3-A playoff chances. The Tigers are currently 2-1 in conference play.

"This is a crucial district game for us," Tiger coach Rocky Gaudin stated. "Both teams are much improved since last year and since the first game of this year. If we are to win on the road, we must eliminate the mistakes and play aggressively."

"Each week has seen all four teams, (varsity, B-team, 9th grade, and 7th & 8th grade), improve. This is and always will be our primary goal during the season."

After a slow start last week, the Tigers came out strong in the second half to upend Purvis 20-0.

"We led at the half 6-0 despite playing poorly and making a ton of mistakes," Gaudin noted. "We came out in the second half and ran right at Purvis with the Power I. This resulted in three time consuming drives that netted a one yard touchdown run by Adrian Whavers and a 15-yard TD pass from Sam Shepard to Jamie Kingston."

The Tigers' other score came on a one-yard run by Shepard. Larrone Lewis added a two-point conversion following the TD pass.

Gaudin said the entire defense played well. "They completely dominated throughout the entire game."

Jimmy Strong was named defensive player of the week with 11 tackles, six solos for losses. "He made big plays all night."

Adrian Whavers took offensive player of the week honors, gaining 93 yards on 18 carries and one touchdown. "He's a workhorse."

## Hawks swoop to PRC tomorrow

BY JACQUI COCHRAN

Hancock's Hawks will face their biggest challenge tomorrow, Coach Irwin Favre stated, when they meet with the Blue Devils at Pearl River Central.

"The Blue Devils are ranked on the Coast poll as number three, while HHS is ranked number 5 on that same poll."

"Out of Jackson, they are ranked number 12 in the state."

"At present they are 5-0."

"You have to be pretty damn good to beat a 5-0 team."

Favre said defensively Hancock will be watching PRC quarterback Bobby Thaxton.

"He is in his senior year and leads in passes completed along the Coast."

"The Blue Devils also have two outstanding receivers. Duane Pullens and Nikki Stockstill. We will have to keep the ball out of their hands."

"Then there is David Skantz. He is a big strong running back who weighs in at 200 pounds."

Just looking at their statistics, defensively we will have to play a top notch football game."

"They would not be 5-0 if they were not good."

Favre said offensively HHS

will have to maintain good field position.

He added, both teams are 2-0 in district standing and neither one is looking to give that up.

"This is a crucial game for both teams."

"I am hoping Hancock will be ready."

"It will be hard for them, playing on the Blue Devils' home ground. They are awfully strong at home."

"But we can do it."

Favre plans to start with Doug Authement as quarterback and depending on how the

game proceeds, allow Jeff Favre back into play for a time.

"Jeff isn't totally well yet, and he is not the only one. We have several nagging injuries I will be watching."

Favre suffered a separated shoulder several weeks ago. He played for the first time since his injury last week against D'Iberville in the third quarter.

Favre asked that the fans come and support the Hawks at Pearl River Central High School in Carriere. The game begins at 7:30 p.m.

## Rock-A-Chaws to celebrate homecoming; host Long Beach

BY ELLIS CUEVAS

St. Stanislaus will celebrate homecoming Friday night at Rock-A-Chaw Stadium when the Rocks play host to the Long Beach Bearcats.

Stanislaus is 4-1 for the season with a 2-1 mark in District 8 Class 4A.

SSC lost to a strong Picayune Maroon squad last week 29-18 for their first loss of the season. The Rock defense was surprised by a kickoff return by Picayune, as Stanislaus had just taken the

lead with a score.

In sizing up Long Beach, SSC head coach Ken Lyons said, "They are going through some hard times. They have a quality coach in Jay McCommick, and he is rebuilding the school's football program. I know they will be shooting at us."

On Monday night, Long Beach's B team defeated Stanislaus 16-13. The varsity is winless for the season.

Long Beach has moved up to Class 5A this season, putting

them in the same Class as the state's best high school teams.

In commenting about his own squad, Lyons said, "We will have several players with nagging injuries going against Long Beach, and our offense should be seeing a lot of stunting from the Bearcats."

"We will be using our same offensive and defensive systems we have been running this season, maybe trying to refine both in a few ways," Lyons added.

Stanislaus uses a Slot-I

offense and depends on a passing game to keep the opponents' defense guessing.

"All coaches keep looking for something that really works for their team and try to improve their play as they move into the season," Lyons commented.

The kickoff is scheduled for 7:30 p.m. at Rock-A-Chaw Stadium.

Lyons indicated that since it is homecoming, he is hoping the stands will be overflowing with Rock-A-Chaw supporters.

# Jr. Tigers win two, lose one

**BY TRACI BONNEY**  
The B team and 9th grade Tigers both came away from their matches victorious last week, while the 7th/8th grade team lost.

The B team shut out St. Stanislaus at the SSC field 14-0 September 30 with a TD pass from quarterback Gerrit Carver to tight end Danny Jackson and a touchdown run by Larrone

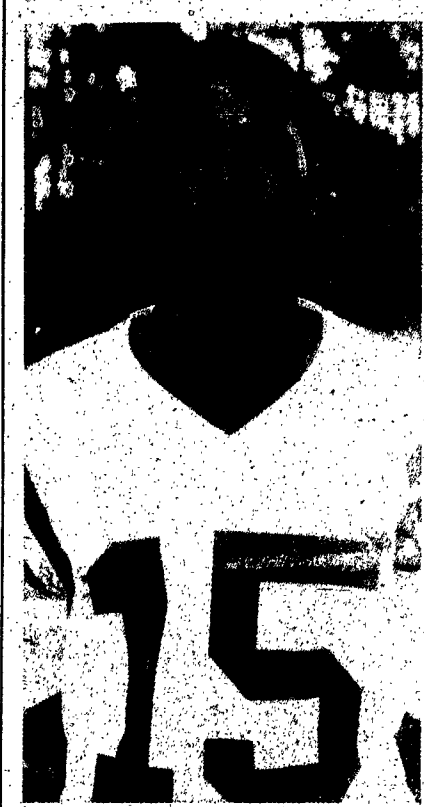

Lewis. The 9th graders defeated Pearl River Central 38-6 October 3. Tiger Xavier Lewis scored three of the team's TDs, while Leroy Hawkins hauled in two

and Brad Laneaux made one. Chris Russ, Raleigh Murphy, Yancey Mayfield, Hawkins and Laneaux led the defense.

The 7th/8th grade team lost to PRC 32-6 October 3. Coach Rocky Gaudin said this match was the third consecutive one in which the team faced a strong, undefeated opponent. "The Tigers hung tough again in the first half but wore down in the second half."

Standouts included Wali Shabazz, Danny Farrell, Kendall Marquar, Donnie Ray and M.J. Krankey.

The B team won its match Monday 29-14 against Poplarville, while the 9th grade team hosts Vancleave and 7th/8th grade team hosts St. John tonight.

## Bay High Players of Week

Adrian Whavers, #34, 6'1" junior tailback, was named the Bay High Athletic Club Offensive Player of the Week. Whavers had 93 yards on 18 carries and one touchdown to his credit. Defensive end, #52 Jimmy Strong, was named Defensive Player of the Week. The 6' 192-pound junior had 11 tackles, six of which were solo tackles for losses, in last Friday's game. Artigues and Loiacano played high school ball at St. Stanislaus under coach Rubin Ruiz. Alliston and a fourth player, Bill Watts, played under Bay High School's football coach Lance Lumpkin. Watts now resides in Texas.

Of the 24 starters on the 1961 team, 21 signed football scholarships with major colleges. Loiacano, an All-American fullback, went on to play at Mississippi State University. Upon graduation, he played for two years with the Continental

Football League (later called the World Football League), until he was sidelined by knee injuries.

Alliston went on to play for Louisiana College in Pineville, while Artigues declined a scholarship to Delta State University.

Loiacano coached football teams at Bay High School and Gulfport, and acknowledges Holden as a role model. "He was so far ahead of the game in coaching. There was no wasted time; our practices lasted only

two hours. I have played under many successful coaches, but I learned more from Dobie Holden than from anyone else.

"If you talk to any of the players from the late 50's and early 60's, you will find their fondest memory is of being associated with him."

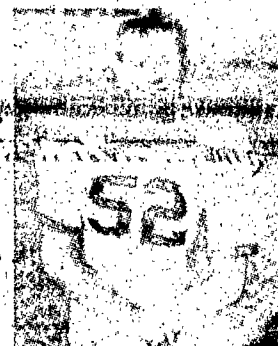

Alliston, Artigues and Loiacano will be honored Saturday during the PRC alumni luncheon in the Marvin R. White Coliseum and during halftime at the PRC-East Central game at Dobie Holden Stadium.

lost its first game 14-6 to East Mississippi, and then the Wildcats racked up 10 straight victories, including a 50-20 decision over San Angelo, Texas in the Hospitality Bowl.

PRC and Northwest tied for the state crown that year, even though the Wildcats defeated the Rangers 24-22 in regular season play.

East Mississippi was first to add the fuel as the Cats demolished the Lions 42-3. Rival Jones was next and the offensive explosion continued as the Bobcats were scratched 42-20.

No prisoners were taken as the PRC ran to a 70-0 whitewash of the Rangers. The performance was devastating.

The next couple of weeks the Wildcats orbited a little closer to earth as they clawed Southwest 32-6 and then recorded a 20-14 decision over Holmes.

It was mid-season and time to refuel and fly away again. The Wildcats passed Co-Lin 52-6, Delta 42-6, and Itawamba 42-0. Perk was next in line, and PRC blasted by the Bulldogs 60-6.

In the final game of the year, the Holden Wildcats smattered Hinds 44-6 to finish 10-0.

Pearl River was named national and state champions and were called the "team of the century."

By the time the Wildcats completed their final orbit, they had scored 446 points and allowed only 47. The offensive point production was most ever scored by a team during a regular 10-game schedule. The record remains today.

Thirty-three players were on the 1961 team. Mack Cochran was the all-American quarterback. Fullback J. E. Loiacano was all-state, as well as halfback Freddie Runte, and end Tommy Walters.

Alvin Doyle was all-state at center, and eight other players made all-state honorable mention. The all-state honorable mention players included halfback Bobby Cochran, guard Eldon Orgeron, end James Pigott, tackle Earl Whitfield, guard Louie Stines, tackle Larry Magee, end Terry Joe Byrd and end Steve Regan.

Other members of the 1961 team included fullback Robert

Roper, quarterback Freddie Delaney, halfback Warren Armes, halfback Paul Farr, end James Owen, halfback Ronnie Artigues, center Bill Watts, tackle Jim Karg, guard Terry Fernandez, end Robert Young, fullback Joe Bufkin, guard Henry Taylor, tackle Woody Alliston, guard Michael Craft, tackle Malcolm Courtney, quarterback Johnny Adams, center Bobby Drake, and halfback Ed Davis.

## FISHIN' Y'ALL

By Jim Memess

### How (and how not) to open an oyster

It's time to go fishin' y'all. Out of the night when the full moon is bright comes the horse-man known as Turtle. This bold renegade carves a T with his blade; a T that stands for "Turtle."

I guess you have figured out by now that I don't have a lot to report about the fishing scene this week and the fictional character Zoro was absolutely no help at all. Besides, he lives in the desert southwest where they only catch "sand trout" which taste gritty and take too long to cook.

So the turtle took blade in hand and promptly cut his hand opening some great tasting oysters.

If you have not had the chance to taste some of the new crop of oysters you are missing a first-class gastronomical event (.25-cent word).

The very first oyster will so delight your palate that your imagination will run wild with delight. You might even picture yourself riding free in the American Southwest with the bold renegade Turtle—or was it Zoro?

Anyway, the oyster lovers in the area should be aware that the first crop of oysters are fat and very salty.

Since they do not come in easy open pop-top containers, you might want to give some consideration to investing in some oyster opening accouterments (.50-cent word). "Obliviously" you need an oyster knife which can be obtained at any oyster knife hardware store.

If you try to open your oysters with the old stand-by, a screwdriver, be prepared with the following items: cotton balls, needle and thread and large quantities of alcohol (medicinal).

The cotton balls are for the inside of ears to screen out the "f\*&!!" words when you drive the screwdriver through your hand. The needle and thread are to sew up your hand when you drive the screwdriver through your hand.

The medicinal alcohol is for sterilizing the wound externally and pain killing internally when you withdraw the screwdriver that you have driven through your hand.

The next items that you will need for your oyster opening experience are a good pair of work gloves and oyster opening lead. The lead looks like a big up-side-down W, and as the name implies, it is made of lead.

It seems that everyone has their own method of opening oysters. My personal favorite way (because it's the hardest way to cut my hands) is to place the oyster on the lead with the "heel" up.

I then place the point of my oyster knife into the crack between the shell with a wiggling motion. Once the knife is snug, I twist the handle. This will generally pop the two halves of the oyster open.

I can then raise the shell slightly and see the oyster inside. Then I slide the knife along the top of the shell to cut the "eye" or cartilage on the top shell and flip the top shell off. Next, I cut the "eye" on the bottom shell and practice a little hand which means that the oyster then disappears.

One important thing to remember, always wear gloves as Murphy's Law states that if your oyster knife can slip and cut your hand—it will.

I just know that there are some fish being caught out there somewhere.

Maybe by next week the small craft warnings will be down, and the Sound will no longer look like a mountain

range. This week's wonderful wise words. Don't have redfish in your ice box in federal waters. Stay away from blades, turtle.

pretty, Gerrit Carver, Jamie Kingston, Chris Roberts and L.C. Curry held Purvis to minus 23 yards rushing.

The Tigers are presently in the process of finishing up and moving into their new field house.

"The players and coaches thank the many people who have made this dream a quick reality. We dedicate our efforts the rest of this year to all those fine parents, friends and alumni who made this possible," Gaudin stated.

Game time in Vancleave is 7:30pm.

## Bay Jr. High Player of the Week

Ninth grader Xavier Lewis was chosen Jr. High Player of the Week by the Bay High Athletic Club for the week of September 30-October 4. Lewis had three touchdown runs in the game against PRC and demonstrated again that he is one of the most explosive ninth grade backs on the Coast, said coach Rocky Gaudin. Bay High Athletic Club Junior High Player of the Week awards are sponsored by John McDonald Realty.

## HHS Junior teams play Blue Devils

**BY JACQUI COCHRAN**  
Hancock Junior High School football coach Andy Pernicaro reported, tonight's competition with Pearl River Central should be an even match for the ninth graders, while the seventh/eighth grade team faces tough competition.

"Pearl River Central has the best seventh/eighth grade team in the conference.

"We will have to be extremely good."

Last Thursday both Hancock Junior High teams lost to the D'Iberville Warriors. The scores were: seventh/eighth grade, 30-0; and ninth grade, 21-0.

Tonight the Hawks face off the Blue Devils in Hawk Stadium beginning at 5:30 p.m. (seventh/eighth grade game). The ninth grade game begins at 7 p.m.

## USM fund-raiser

Denene Ware, left, and Courtney Thomas of Bay St. Louis "reach out" to alumni and friends of the University of Southern Mississippi during a 10-week phone-a-thon aimed at raising \$250,000 for various university academic programs. Some 20 students are contributing three hours per night, four nights each week to make calls in an effort to enhance academic program support at USM. Ware, a freshman accounting major, is the daughter of John and Arlene Cox of Bay St. Louis and Bill and Kim Ware of Gulfport. Thomas, the daughter of Joan Thomas, is a sophomore English major.
